MEMORANDUM FOR: Deputy Director for Support

I received a call from Al Cox today who indicated that Dr. William M. Leary, Jr. was in town and would like to talk to someone in the Agency. Mr. Houston had already informed me of this and told me that he had referred Mr. Cox to me. I agreed to meet with Mr. Cox and Dr. Leary at 2:00 P.M. on 18 May [redacted] 25X1

I asked Mr. Cox why Dr. Leary wanted to see someone here and he said that Dr. Leary had a continuing interest in the subject of Air America and wanted to maintain contact with the Agency regarding this interest. I told Mr. Cox that I would be glad to listen to Dr. Leary and act as a point of contact but that we had previously made a decision that we would not use Dr. Leary in the preparation of the history and that I felt that this situation still prevailed.
